Our. No. 1130 F/24

Station Madras, *Dated the* 22nd August 1924 192

From (Name) R. Littlehailes, Esq., I.E.S.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

(Education) Department.

Sir,

In continuation of my letter R.C.No. 2271 D/23 dated 22nd January 1924 requesting that a provision of Rs.8,000/- may be entered in the Budget Estimate for 1924-25 on account of the special classes printing, copper and wood engraving in the school department the St. Aloysius College, Bangalore, I have the honour to state that the correspondent of the college was asked to submit revised proposals in conformity with G.O.No. 655 Mis. (Education), dated 5th April 1924.

2. He now reports that the classes in printing, copper and wood engraving proposed to be opened will be conducted entirely in harmony with the aim of Vocational training as defined in the G.O. quoted above.

3. Mr. Porrett who was consulted reports that the scheme originally included two separate classes with different aims but that this idea has now been dropped and that the aim of all the classes will be to teach pupils to think clearly and work accurately through the discipline of the hand and/eye and thus create a bias or bent for higher technical training

4. During the 1st year instruction is proposed to be given to about 200 boys of form IV.

5. The recurring and non-recurring charges including the cost of a shed amounts to Rs.1840 and Rs.10,202 respectively as per details noted in the margin.

Recurring.	
Salary of Printer @ Rs.75 P.M.	Rs.900
do engraver at Rs.45 P.M.	540
Contingencies	400
	1840
Non-recurring.	
Shed	Rs.4915
Tools and equipment	5287
	10202

The Advisor considers that a temporary shed will not be suitable for classes of this type and that therefore lock up rain proof building is essential.

The plan and estimate has been scrutinized by the Special Consulting Architect who has fixed the cost at Rs.4915/-

6. The management is willing to bear 1/4 of the initial cost and half the recurring charges and requests that the remaining portion may be met from Provincial funds.

7. As there is no case for special treatment I would recommend the scheme for acceptance if the management bears half recurring and half capital cost.

8. I may also state in this connection that no provision exists in the current year's budget for new schemes. I am

also unable at present to suggest any savings from which the cost in this case may be met.

I have the honour to be,

S i r,

Your most obedient servant,

for Director of Public Instruction

Attention is solicited to Govt
Law (Govt) 30.4.24 and the not
pages 4-) of the G.O. The director
states that the original idea of
having two separate classes with
different aims has now been dropped
and that the aim of the class will be
as defined in the above
G.O. The cost is the same as
was reported by the DPI on the last
occasion. The pay of the private (Rs 75
is rather high and the scheme
itself appears to be costly on the
whole. It is for orders whether
it will be approved. If so, the
management may be informed that
the proposal will be considered
if it undertakes to meet
one-half of both the recurring
and non-recurring charges. Draft
